

2023 Electronics Recycling Competition

Ready? Set? Recycle!

What? This spring, our school is participating in an electronics recycling competition. The Lane County schools that recycle the most pounds of “e-waste” will win!

- E-waste examples include microwaves, TVs, printers, old cords and cables, cell phones, computers, and audio/visual equipment. **Please, NO PLASTIC**, non-electronic items such as toys or vacuums.
- If an item is mostly metal, has a plug, or takes batteries, it counts

Why? Help divert electronics from our landfill and keep reusable electronics available in our community. Plus, our school could win a valuable gift certificate for the NextStep Reuse computer store. (25 schools are participating, and 8 schools will win!)

Who? Students, families, and school staff can participate.

Where?

1) Drop off electronics directly at NextStep from Feb. 1 to April 30.

NextStep Recycling | 245 Jackson St., Eugene

Open Monday to Friday, 8:30 a.m. to 2:00 p.m. (Please mention our school!)

2) Donate directly to our school's on-site collection box (or area) during “pick-up” week: Please verify collection box (or area) location with the office.

- **March 20-24:** Awbrey Park, ATA, Cesar Chavez, Holt, Kelly/Yujin Gakuen, Kennedy/Chinese Immersion, North Eugene, South Eugene
- **April 3-7:** Adams, Buena Vista, Churchill, Danebo, Madison, McCornack, Meadowview, Thurston MS, West Lane
- **April 17-21:** Cal Young, Creswell HS, Edison, Camino del Río/River Road, Prairie Mtn., McKenzie River, Mount Vernon, Willagillespie
